## Appleford School Public Examination Results Data 2016 - 2022

Appleford School, has over recent years, been expanding into a full senior provision from its historic position as a Prep School. Consequently, the breadth of exam entries/courses delivered and the numbers of pupils taking exams has evolved alongside this transition.

The table below shows the range of attainment (%) in GCSE/BTec over the last 7 years. It can be noted from this data that consistent improvement has been achieved, with our results now exceeding, in many subjects, those achieved in mainstream schools. Any subjects where attainment has been identified as requiring improvement is the subject of an agreed action plan which is monitored carefully by the School Leadership Team and the Proprietor.
