

APPLEFORD SCHOOL

Child Friendly Behaviour Policy

This policy applies to the whole school, including boarding

The Policy is publicly available on the school website and upon request a copy (which can be made available in large print or other accessible format if required) may be obtained from the School Office.

We have a whole school approach to safeguarding, which is the golden thread that runs throughout every aspect of the school. All our school policies support our approach to safeguarding (child protection). Our fundamental priority is our children and their wellbeing; this is first and foremost.

Scope: All who work, volunteer or supply services to our school have an equal responsibility to understand and implement this policy and its procedures both within and outside of normal school hours, including activities away from school.

Monitoring and Review: These arrangements are subject to continuous monitoring, refinement, and audit by the Headmaster. The Advisory Board will undertake a full annual review of this document, inclusive of its implementation and the efficiency with which the related duties have been implemented. This review will be formally documented in writing. Any deficiencies or weaknesses recognised in arrangements or procedures will be remedied immediately and without delay. All staff will be informed of the updated/reviewed arrangements and it will be made available to them in writing or electronically.
